

Remarks

The title of the invention (on the published International application) has been amended to be consistent with the title on the specification.

Claims 3 and 4 have been amended to avoid their multiple dependencies, in order to reduce the filing fee, as a result of which new claims 5-8 have been added to the application. These new claims are the same as claims 3 and 4 except for their dependency.

Respectfully submitted,

Hayahide YAMASAKI
